TASK 4[BONUS]

The LLMs failed significantly on most of the problems so I believe that very task solvable by an LLM is definitely solvable by a human.
There were many tasks which are easier for humans to solve but difficult for LLMs to solve, like almost all of the level 0 and 1 tasks are easier for humans to solve, and most of them can also solve level 2 tasks as well.
But LLMs were almost able to solve only half of level 0 tasks, and 2/5th of level 1 tasks, and almost no LLM was able to solve any level 2 task.
Here is a screenshot of the tasks I was able to solve on the SED PUZZLE website.

Get Started

Level 0 - Tutorial 🐦

Hello World	Hello World 2	Hello World 3	World Hello	Increment	Increment with Cursor	Decorate Me	Brackets

MISSISSIPPI

Level 1 - Easy 🐦

AB <-> BA	ABC ABC	ooo / xxx	AAAABBBB	Smiles	Growth	Peg Solitaire	Tower of Hanoi?	Tower of Hanoi? (without Poles)

Level 2 - Medium

123	19 Stars	Step Limit	Calculate in any order	Count Up	Amoeba	March	April	Binary Increment	Ternary Increment

Ternary Increment Impossible

Level 3 - Hard

Forbidden pattern	RPS Tournaments	Tower of JOIOI?	As you like	(Step Limit) As you like	As you like (Step Limit)
